NEW RALLY CLASSES

Rally Intermediate Class. To be eligible for entry in this class dogs must have won the Rally Novice (RN) title but may not have won the Rally Advanced (RA) title prior to the close of entries. All dogs are judged on leash. Rally Intermediate must have between 12 to 17 signs (Start and Finish not included) with a minimum of three and a maximum of seven stationary signs. Intermediate courses will have a minimum of three Advanced level signs. There are no jumps in this class.

The letters RI may be added after the name of each dog that has been certified by at least two different judges to have received qualifying scores in Intermediate class at three licensed or member rally trials. That dog will receive a Rally Intermediate certificate from the AKC.

Rally Master Class. To be eligible for this class a dog must have won the Rally Excellent (RE) title. All dogs are judged off leash. The Master class must have between 15 to 20 signs (Start and Finish not included) with a minimum of three and a maximum of seven stationary signs. Courses will have a minimum of three Advanced level signs, three Excellent level signs, four Master level signs plus the one required jump sign. There are no retries for any of the signs on the Rally Master course. Unlike in the Rally Novice, Intermediate and Advanced classes, in the Rally Master class handlers are not allowed to pat their legs or clap their hands to encourage the dog. Verbal encouragement, multiple commands and/or inaudible signals using one or both arms and hands are allowed; the handler’s arms need not be maintained in any particular position at any time. Handlers may not touch their dog or make any physical corrections. The letters RM may be added after the name of each dog that has been certified by at least two different judges to have received qualifying scores in the Master class at ten licensed or member rally trials. That dog will receive a Rally Master certificate from the AKC. The letters RM will be followed by a numeric designation indicating the number of times a dog has met the requirements of the RM title as defined in these regulations. (RM2 for 20 qualifying scores, RM3 for 30 qualifying scores, RM4 for 40 qualifying scores, etc.)

Changes to Novice and similar classes (Brace, Team, etc)

Section 12. Sit Stay – Get Your Leash. The principal feature of this exercise is that the dog remains in the sit position.

The orders are: “Sit your dog,” “Leave your dog to get your leash,” and “Back to your dog.”

The handler will stand with the dog sitting in heel position in a place designated by the judge. The judge will ask “Are you ready?” before giving the first order. On the judge’s order the handler may command and/or signal the dog to sit without touching either the dog or the dog’s collar. On further order to “Leave your dog to get your leash,” the handler may give a command and/or signal to stay and will walk forward immediately to the place designated by the judge for the leash, pick up the leash, turn, and face the dog. The judge will give the order “Back to your dog.” The handler must return directly, walking around and in back of the dog to heel position. The dog must not move from the sitting position until after the judge has said “Exercise finished.” The judge will tell the handler “Clip your leash to the collar and maintain control of your dog.” The handler is required to exit the ring with the dog under control and without jumping, pulling or tugging on the leash.

Judging Procedures: *The judge will instruct the steward to place the leash at the designated location after the Heel on Leash and Figure Eight exercise. The handler and dog will be positioned at least 30 feet from and facing the direction of the gate entrance. The judge must be in position to watch the dog and handler throughout the exercise including exiting the ring.*

Section 13. Sit Stay – Get Your Leash, Scoring. A non-qualifying score (NQ) is required for the following: The dog moving a substantial distance away from the place where it was left any time during the exercise, not remaining in the sit position until the handler has returned to heel position, and repeatedly barking or whining.

Scoring of the exercise for such things as rough treatment of a dog by its handler or resistance by a dog to its handler’s attempts to make it sit starts with the first order, “Sit your dog.” These will be penalized substantially and in extreme cases the dog may be released.

Substantial deductions will be made for a dog that moves even a short distance from where it was left, that barks or whines only once or twice, or that changes from the sit position after the handler has returned to the heel position and before the judge has said, “Exercise finished.” A substantial deduction, under Miscellaneous Penalties, must be made for a dog that does not remain under control while leaving the ring.

Section 14. Group Exercise – Sit and Down Stay. The principal feature of this exercise is that the dog remains in the sitting or down position, whichever is required at the time.

The orders are: “Sit your dogs,” “Down your dogs,” “Leave your dogs,” and “Back to your dogs.”

If a dog has non-qualified (NQ) in an individual exercise the judge must release the dog from performing the group exercise. A dog that does not remain sitting during the first part of this exercise must be released from participating in the second part.

Handlers of dogs that have qualified during the individual exercises will have the option of returning for the group exercise. After completion of the last individual exercise, if the dog has qualified, the judge will ask if the handler will be returning for the group exercise. Once handlers have notified the judge of their decision not to return for the group exercise they may not change their minds. Dogs that have been released or excused and handlers who have left the ring during the individual exercises may not return for the group exercise. See Judges’ Guidelines, Judge’s Book.

Dogs must be spaced with a minimum of six (6) feet between each dog and a minimum of four (4) feet from the ring barriers. Judges will position the dogs in the approximate center of the ring in one row or back-to-back in two rows with a minimum of six (6) feet between the rows. If the back-to-back formation is used, it must be used for all groups in the class. On a 50' side of the ring the maximum # of dogs allowed in a single row would be six (6) and in a back-to-back row twelve (12) dogs (see table):

| <u>Ring Length</u> | <u>Maximum # of Dogs Single Row</u> | <u>Maximum # of Dogs Back-to-Back Row</u> |
|--------------------|-------------------------------------|---|
| <u>50'</u> | <u>6</u> | <u>12</u> |
| <u>45'</u> | <u>5</u> | <u>10</u> |
| <u>40'</u> | <u>4</u> | <u>8</u> |
| <u>35'</u> | <u>4</u> | <u>8</u> |
| <u>30'</u> | <u>3</u> | <u>6</u> |

The group exercise will be conducted after the last individual team in the class, or combined classes, is judged. If there are more dogs competing than can be handled in one group exercise, the judge will divide the class into approximately equal sections.

If two classes in the same classification have different judges, each judge must judge the group exercise separately. A judge with only a single dog competing in a class would be required to have the dog perform the group exercise alone. If the same judge is judging both Novice A and B classes (in the same classification) and the combined total of the dogs returning for the group exercise can be judged in only one group without exceeding the limit of dogs based on the size of the ring, the judge may combine the two classes for the group exercise.

This exercise must be performed with the dog on a 6-foot leash. The leash will remain clipped to the dog’s collar and the handler will hold on to the leash

throughout the entire exercise. The armband will remain on the handler's left arm. The dogs will be lined up in judging program order. Prior to beginning the exercise, the judge will instruct the handlers to remove their dog if it starts to move out of position. The judge will ask "Are you ready?" before giving the first order. On the judge's order, the handlers will command and/or signal their dogs to sit without touching either the dog or the dog's collar. On further order to "Leave your dogs," the handlers may give a command and/or signal to stay and will walk forward immediately to the end of the leash, without jerking or tightening the leash, turn, and face their dogs. The leash must remain loose with slack throughout the entire exercise.

After one minute from the time the judge ordered the handlers to leave their dogs, the judge will give the order "Back to your dogs." The handlers must return directly, walking around and in back of their own dog to heel position. The dogs must not move from the sitting position until after the judge has said "Exercise finished." This order will not be given until the handlers are back in heel position. The dogs must remain under control between this two-part exercise.

Before starting the Down Stay portion of this exercise the judge will ask "Are you ready?" On the judge's order, the handlers will command and/or signal their dog to down without touching either the dog or the dog's collar. On further order to "Leave your dogs," the handlers may give a command and/or signal to stay and will walk forward immediately to the end of the leash, without jerking or tightening the leash, turn, and face their dogs. The leash must remain loose with slack throughout the entire exercise.

After one minute from the time the judge ordered the handlers to leave their dogs, the judge will give the order, "Back to your dogs." The handlers must return directly, walking around and in back of their own dog to heel position. The dogs must not move from the down position until after the judge has said "Exercise finished." This order will not be given until the handlers are back in heel position. The judge will tell the exhibitors "Maintain control of your dogs." The handlers are required to exit the ring with their dogs under control and without jumping, pulling or tugging on the leash.

Judging Procedures: *If a judge observes any signs of aggression or potential problems when the dogs are being assembled outside the ring for the group exercise or once the dogs are brought into the ring, the judge must excuse the dog and mark the judge's book "Excused" and state the reason.*

Any handlers who physically correct their dogs before or after the group exercise or while leaving the ring must be penalized under Miscellaneous Penalties.

Judges must stand with their full attention on the dogs and handlers during the group exercise and remain alert to any potential problems. To have both dog and handler under constant observation in this exercise, a judge should take a position slightly to the rear of the dogs at one end of the row(s) of dogs.

Section 15. Group Exercise – Sit and Down Stay, Scoring. A non-qualifying score (NQ) is required for the following: The dog moving a substantial distance away from the place where it was left any time during the exercise, not remaining in the required position until the handler has returned to heel position, and repeatedly barking or whining.

Substantial deductions will be made for the following: A dog that must be repositioned by its handler if it is out of position enough to interfere with an adjacent dog (in extreme cases the dog may be released), that moves even a short distance from where it was left, that barks or whines only once or twice, or that changes position after the handler has returned to heel position and before the judge has said, "Exercise finished." A substantial deduction will be made for jerking or tightening of the leash before the judge has said "Exercise finished," depending on the extent, the deduction may include a non-qualifying (NQ) score. A substantial deduction, under Miscellaneous Penalties, must be made for a dog that does not remain under control while leaving the ring. Minor or substantial deductions, depending on the circumstances, will be made for touching the dog or its collar while getting the dog into the down position.

Scoring of the exercise for such things as rough treatment of a dog by its handler or resistance by a dog to its handler's attempts to make it sit or lie down starts with the first order, sit or down your dogs. These will be penalized substantially and in extreme cases the dog may be released. The timing of each stay exercise begins on the judge's order, "Leave your dogs."

Changes to Open:

Section 7. Command Discrimination. The principal features of this exercise are the dog's correct response to the handler's commands and/or signals and that the dog stays until the handler returns to heel position.

The orders are: "Leave your dog" and "Back to your dog." The judge must use signals for directing the handler to command and/or signal the dog to change position except for the first position and that order is: "Stand your dog" or "Down your dog."

The handler will stand with the dog sitting in heel position in a place designated by the judge. The judge will ask "Are you ready?" before giving the first order to "Stand your dog" or "Down your dog." The handler will give a command and/or signal for the dog to change position. On further order to "Leave your dog," the handler may give a command and/or signal to stay and will immediately walk forward 15 feet, turn, and face the dog. On the judge's signal, the handler will give a command and/or signal for the dog to change to the second position. The judge will then order "Leave your dog." The handler may give a command and/or signal to stay and will immediately turn around and walk forward an additional 15 feet, turn, and face the dog. On the judge's signal, the handler will give a command and/or signal for the dog to change to the third position. The judge will then order "Back to your dog." The handler may give a command and/or signal to stay, and then must return directly, walking around and in back of the dog to heel

position. The dog must stay in position without additional commands or signals until the handler has returned to heel position.

Judging Procedure: This exercise must be performed on a long dimension of the ring. The 15 foot distances must be clearly marked. The judge must be positioned so that both the dog and handler are under continuous observation during the entire exercise. An excellent position for judging this exercise is at an adequate distance to the side and slightly to the rear of the dog.

Section 8. Command Discrimination, Scoring. A dog that fails to obey the handler's first command and/or signal for each position or that does not stay until the handler returns to heel position must receive a non-qualifying (NQ) score.

Substantial deductions will be made for a dog that changes position after the handler has returned to heel position and before the judge has said "Exercise finished."

Minor or substantial deductions, up to a non-qualifying (NQ) score, will be made for a dog that walks forward.

Section 17. Stay – Get Your Leash. The principal feature of this exercise is that the dog remains in the sitting or down position, whichever is required at the time.

The orders are: "Sit your dog," "Down your dog," "Leave your dog," "Leave your dog to get your leash" and "Back to your dog."

The judge will ask "Are you ready?" before giving the first order. On the judge's order the handler will command and/or signal the dog to sit or down without touching the dog or the dog's collar. On further order to "Leave your dog," the handler may give a command and/or signal to stay and will walk forward immediately to a place designated by the judge, turn, and face the dog.

After one minute from the time the judge ordered the handler to leave the dog, the judge will give the order "Back to your dog." The handler must return directly, walking around and in back of the dog to heel position. The dog must not move from the required position until after the judge has said "Exercise finished."

Before starting the second part of this exercise the judge will ask "Are you ready?" On the judge's order, the handler will command and/or signal the dog to sit or down without touching either the dog or the dog's collar. On further order to "Leave your dog to get your leash," the handler may give a command and/or signal to stay and will walk forward directly to the place outside the gate entrance designated by the judge for the leash. The handler will pick up the leash, re-enter the ring, stop at the gate entrance facing the dog, and wait for the judge's order "Back to your dog." The handler must return directly, walking around and in back of the dog to heel position. The dog must not move from the required position until after the judge has said "Exercise finished." The judge will tell the handler "Attach your leash to the collar and maintain control of your dog." The handler is required to exit the ring with the dog under control and without jumping, pulling or tugging on the leash.

Judging Procedures: Prior to the start of judging, the judge will decide where the leash will be placed, either on the judges' table or tableside chair.

The leash will be placed outside the ring by the steward after the dog and handler have entered the ring for judging. For both parts of this exercise, the handler must remain at least 30 feet away from the dog until ordered to return to the dog. When positioning dogs for the second part of this exercise, judges should ensure that such positioning will permit the dog to keep the handler in its direct line of vision as the handler leaves and returns to the ring. During this exercise the judge must be in position to watch the dog and see the handler leave and return to the ring. Once the exercise is finished, the judge must watch the dog and handler exit the ring together.

Section 18. Stay – Get Your Leash, Scoring. A non-qualifying score (NQ) is required for the following: The dog moving a substantial distance away from the place where it was left any time during either part of the exercise, not remaining in the required position until the handler has returned to heel position, and repeatedly barking or whining.

Scoring of the exercise for such things as rough treatment of a dog by its handler or resistance by a dog to sit or down starts with the first order, "Sit (or Down) your dog." These will be penalized substantially and in extreme cases the dog may be released.

Substantial deductions will be made for a dog that moves even a short distance from where it was left, that barks or whines only once or twice, or that changes from the required position after the handler has returned to heel position and before the judge has said, "Exercise finished." A substantial deduction, under Miscellaneous Penalties, must be made for a dog that does not remain under control while leaving the ring.

Non-Regular Classes

Team Class. The Team class will be for teams of any four dogs that are eligible under these regulations. Five dogs may be entered, one to be considered an alternate for which no entry fee will be required. However, the same four dogs will perform all exercises. Dogs may be handled by the owner or any other person, need not be entered in another class at the same trial, and need not have obedience titles. A separate official entry form will be completed in full for each dog entered. No dog may be entered on more than one team.

There will be two judges, one of whom will call orders while the other scores the team's performance. The teams will be judged one at a time, except for the group exercises. Dogs must be spaced with a minimum of six (6) feet between each dog and a minimum of four (4) feet from the ring barriers. Judges will position the dogs in the approximate center of the ring in one row or back-to-back in two rows with a minimum of six (6) feet between the rows. If the back-to-back formation is used, it must be used for all groups in the class. On a 50' side of the ring the maximum # of dogs allowed in a single row would be six (6) and in a back-to-back row twelve (12) dogs. (See table in Chapter 3, Section 14.)

The dogs on a team will perform the exercises simultaneously and will be judged as specified for the Novice class, except that a Drop on Recall will be used in place of the Recall exercise. In all exercises except the Drop on Recall, the teams have the option of executing the judge's orders on the team captain's repeat of the command.

In the Figure Eight portion of the Heel on Leash exercise, five stewards will be used. The stewards will stand 8 feet apart in a straight line. Each handler, with the dog sitting in heel position, will stand about equidistant from each of two stewards with all members of the team facing the same direction. On orders from the judge, the team will perform the Figure Eight, each handler starting around the steward on his/her left and circling only the two stewards between whom he/she had been standing.

In the Drop on Recall exercise, the handlers will leave their dogs simultaneously on order of the judge. The dogs will be called or signaled in, one at a time, on a separate order from the judge to each handler. Handlers will, without any additional order from the judge, command or signal their dogs to drop at a spot midway between the line of dogs and the handlers. Each dog will remain in the down position until all four have been called and dropped. The judge will give the order to call the dogs, which will be called or signaled simultaneously. The finish will be done in unison on order from the judge.

Team Class, Scoring. Individual dogs' scores will be based on the performance of the dogs and handlers individually plus team precision and coordination. Each dog and handler will be scored against the customary maximum for a team total of 800 available points. Individual dogs' scores need not be recorded.

The exercises and maximum scores in the Team class:

1. Heel on Leash and Figure Eight 160 points
2. Stand for Examination 120 points

3. Heel Free 160 points
4. Drop on Recall 120 points
5. Sit Stay – Get Your Leash 120 points
6. Group Exercise – Sit & Down Stay 120 points

Maximum Total Score 800 points

Brace Class. The Brace class will be for two dogs of the same breed or two dogs listed with AKC Canine Partners of similar height at the withers that are eligible under these regulations and capable of performing the Novice exercises. The dogs need not be owned by the same person but will be handled by one handler. Dogs may be shown unattached or coupled (the coupling device will not be less than 6 inches in overall length). Whichever method is used will be continued throughout all exercises. A separate official entry form will be completed in full for each dog entered. Exercises, performances and judging will be as in the Novice class. The brace should work in unison at all times. Either or both dogs in a brace may be entered in another class or classes.
